

Night Diving Specialty & Barbeque

One of the most **spectacular** dives a person can do is a **Night Dive**. Although many new divers become concerned they won't be able to see because it's dark and unfamiliar, we have put together a program that will overcome these apprehensions.

During our **Night Dive Specialty / Barbeque**, we leave the dock at approximately 2pm and embark on a journey to a **secret dive site** that is known for its incredible **bioluminescence**. We plan our dives so that the underwater lights are at their peak when we perform the night diving segments of this specialty.

We begin with an afternoon dive in order to acquaint ourselves with the dive site. Upon reaching the surface, all guests are treated to **fresh fruits in season** such as honeydew, cantaloupe and watermelon. Soda pop and bottled water is also provided. After a relaxing surface interval, the sun is now beginning to set. We take our second plunge. This **dusk dive** slowly prepares us for the **explosion of light** to come when the sun disappears, revealing total darkness.

After we surface from this relaxing experience, our mouths are set to taste the best barbeque this side of the Mississippi! You are treated to an **unforgettable mouth-watering dinner** and dessert. Once our appetites have been completely satisfied and our savory meals have had time to digest, it's time for one of the most fascinating experiences of your life: **the Night Dive!** Lights are optional as you descend down the **glowing anchor line**. Once on the bottom, each exhalation sends a **swirling light-show** to the surface! The abundance of life is amazing as the nocturnal creatures are out of their hiding places, exploring for food. **It is truly a sight to behold!**

Our **PADI Night Diver Specialty Course** includes 3 boat dives, one classroom session, **Night Diver Specialty** Certification and everything described above. Tanks shall be provided for all students taking this course. The cost is **\$185 per student** and \$135 for those already Night Diver certified. Since this fills up very quickly, we encourage you to put a \$75 non-refundable deposit down to secure your spot. This specialty course is also one more step toward **Master Scuba Diver Certification**.

Join us for an evening of thrills and wonder!
